

EXTRA

PRODUCT DESCRIPTION

EXTRA is an inhibited, heavy-duty, powdered chlorinated detergent specially formulated for bulk tank and pipeline washing.

Promotes Quality Assurance

- ▲ Heavy-duty chlorinated formula rapidly attacks and removes protein soils.
- ▲ Free rinsing – minimizes water spots.

Saves Time and Labor

- ▲ Free flowing powdered product for easy dispensing.

BENEFITS

- ▲ Non-foaming formulation for fast, efficient mechanical cleaning

Helps Reduce Cleaning Costs

- ▲ Concentrated for low use-cost.
- ▲ Corrosion inhibitors protect equipment investments.

PROPERTIES

Form powder
 Color white to peach
 Foam defoamed

Alkalinity:

Active as Na₂O.....39.8%
 Total as Na₂O54.6%
 Available chlorine2.4%

Formula ingredients contain no more than 4.5% phosphorus, 0.4 G per gallon of average recommended use concentration.

Cleaning Pipelines and Related Equipment

1. Pre-rinse with 100-110°F (38-43°C) water.
2. Circulate or spray Extra at 1 ounce to 3 gallons (2.6 mL/L) of water for 10 minutes. For hard water areas, high concentrations may be required.
3. Rinse with potable water.
4. Acid rinse with an approved pipeline acid.
5. Sanitize prior to use with approved EPA sanitizer.

DIRECTIONS FOR USE

Consult your Ecolab Representative for specific use instructions and recommended dispensing equipment. Please refer to the Material Safety Data Sheet before use.

For cautionary and first aid information, consult the Material Safety Data Sheet (MSDS) or product label.

STATEMENT OF ASSURANCE

This product is effective under the intended conditions of use as outlined on the product label or specified in a Sanitation Standard Operating Procedure (SSOP). This product will not adulterate food product provided that before using it, food products and packaging materials are removed from the room or carefully protected and after using these compounds, surfaces are thoroughly rinsed with potable water.
