

EvolutionXC™ Fans

Energy efficient ventilation

engineering for
a better world

gea.com

The EvolutionXC fans are available in two model sizes and two different blade options, giving dairies a variety of ventilation choices for their barns. The EvolutionXC 52" model has been tested and certified for energy efficiency and may qualify for energy rebate programs.

Two fan models and blade options — select between 52" and 60" fans, both offered in 3- or 6-blades, depending on the installation location and ventilation needs.

New design — heavy-duty frame construction increases stability.

Rugged cross members — provide a durable connection point at the blade and motor assemblies.

EvolutionXC 52" fan certification — model has been certified by the Bioenvironmental and Structural Systems (BESS) Laboratory, and may qualify for energy rebate programs in your area.

1 or 1.5hp; single-phase or three-phase options.

EvolutionXC 52" fan – 3-blade

Rugged design increases stability

Heavy-duty bracket construction

EvolutionXC 52" fan – 6-blade
