

# Spectrum™

## High Detergency Chlorhexidine Udder Wash plus Skin Conditioners

Spectrum is an udder wash formulated with chlorhexidine and high detergency to provide excellent cleaning with effective germicidal activity.

### Features and Benefits

- **Complex Chlorhexidine Formula**

Provides quick and effective reduction of a wide range of bacteria.

- **High Detergency and Foaming**

Assists in fast penetration and removal of soils prior to machine attachment. Contains gentle surfactants commonly used in baby shampoos.

- **Excellent Skin Conditioning**

Leaves cows' teats soft and supple for less irritation and improved milking unit attachment.

- **A Partner Product to Arrest® Teat Dip**

Due to the chemical compatibility, Spectrum is an excellent product to use in combination with this GEA Farm Technologies chlorhexidine-based teat dip product.

- **Effective Germicidal Qualities**

Antiseptic qualities provide fast kill of a wide range of mastitis-causing bacteria.

- **Powerful Surfactants**

Aids in the quick removal of soils and bacteria from teats and helps to decrease the spread of mastitis-causing organisms.

- **100% Customer Satisfaction**

All GEA Farm Technologies hygiene products have a 100% Customer Satisfaction Guarantee.

# Spectrum™

High Detergency Chlorhexidine Udder Wash Plus Skin Conditioners

## Directions for Use

**Udder Washing:** Prepare an udder wash solution by adding 1 oz. (30 ml) of Spectrum for each 4 gallons (15.1 L) of warm 100°-110°F (38°-43°C) water. Use a clean, single service towel for each cow. Soak the towel in the udder wash solution and wash and massage the udder and teats. Never reuse towel or dip used towel back into solution. Thoroughly dry udder and teats with a second single service towel.

**DO NOT USE AS A TEAT DIP.**

## Product Properties

<b>Appearance:</b>	Clear blue liquid
<b>Odor:</b>	Mild
<b>pH:</b>	6.5 - 7.5 (1 oz. / 5 gal.)
<b>Specific Gravity at 77°F (25°C):</b>	1.0 (water = 1)
<b>Phosphates:</b>	None
<b>Solubility:</b>	Complete at recommended use dilutions.
