

Subway Mounting System

Improve appearance and efficiency

engineering for
a better world

gea.com

Organized installation method — includes all mounting studs and pre-drilled holes for mounting equipment.

Conceals and protects wires and hoses — raceway provides conduit for wires and hoses, yet they are easily accessible.

Stainless steel covers and panels — combine durability, easy cleaning and low maintenance with a professional appearance.

Hose transition portals — provide the connection point for hoses between parlor and subway. Available in floor or wall mounted versions for central or dual subways.

Variety of sizes — available in 27", 36" and 42" stall centers for all parlors, both parallel or herringbone.
